Notes about the cart _____

DECLARATION AND AUTHORISATION

The undersigned, named above as the holder of parental responsibility or legal guardianship over the minor named above, declares:

1. having read and fully accepted the rules of the event;
2. authorising the minor to take part in the descent, aware of the nature of the activity and the risks it carries;
3. that the minor is in a fit state of health to take part and that there is no known medical reason against it; the organisers carry out no medical check and are not answerable for a condition that was not declared. Where there is any doubt, it is for the parent or guardian to obtain a medical certificate;
4. accepting responsibility for the conduct of the minor during the event and for the condition of the cart entered;
5. that the minor will wear an approved helmet throughout the descent and will present the cart for technical inspection before the start;
6. being present at the start, or else authorising in writing an adult carrying an ID document;
7. consenting to the processing of data solely for the purpose of organising the event.

Without this form signed by the holder of parental responsibility, the minor does not start. The rider's own signature, where they are able to give one, does not replace that of the parent or guardian.

WHAT TO BRING ON RACE DAY

- The ITALIAN version of this form, printed and signed
- A valid ID document of the person who signed
- The minor's ID document, if they have one
- An approved helmet — no helmet, no start

Place

Date

Signature of parent or legal guardian (required)

Rider's signature (optional)
